Dark Cloaked Dimension Slash

7th-level evocation

Casting Time 1 action
Range Self (90-foot line)
Components V, S, M (a melee weapon that deals slashing damage, which you must be holding)
Duration Instantaneous

You wreathe your blade in Dark Magic so dense it warps the space around it, then release it in a single swing that cuts through the world itself.

A slash 90 feet long and 5 feet wide extends from you in a direction you choose. Each creature in the line must make a Dexterity saving throw, taking 45 (10d8) force damage on a failed save, or half as much damage on a successful one. The slash also damages unattended objects in the line; a nonmagical object reduced to 0 hit points is cut apart. A nonmagical obstacle blocks the slash unless the spell destroys it. Casting this spell doesn't count as an attack with your weapon.

Sever Space. The first barrier created by a spell that the line meets (such as *wall of force*, *Otiluke's resilient sphere* or *forcecage*) ends if it is of 6th level or lower. If it is 7th level, make an ability check with your spellcasting ability (DC 17); on a success, it ends. Spells of 8th level or higher are unaffected. This works even on effects immune to *dispel magic*. If the barrier remains, or the line meets a second barrier, the slash stops there.

At Higher Levels. When you cast this spell using a spell slot of 8th level or higher, the damage increases by 1d8 for each slot level above 7th.
