DUALINK

Quincy Heir

Feat

Bleach Edition

Quincy Heir

Prerequisite: Dexterity 13 or higher

Quincy blood and training have awakened within you. You can draw ambient reishi into a weapon of light and harden it through disciplined technique. You gain the following benefits:

Spirit Weapon Proficiency

You gain proficiency with the longbow. If you already have this proficiency, you gain proficiency in one of the following skills of your choice: Arcana, Perception, or Survival.

Heilig Bogen

As a bonus action, you manifest a Quincy spirit bow in your free hand. The bow can take the form of a longbow or shortbow (your choice each time you manifest it). The bow is a magical ranged weapon with which you are proficient. You use Dexterity for its attack and damage rolls, and its ammunition is formed of reishi (you don't need arrows). All damage dealt with the box deals force damage. The bow vanishes if you let go of it, if you manifest it again, or if you are incapacitated.

Heilig Pfeil

Once on each of your turns when you hit a creature with an attack using your Heilig Bogen, you can deal extra force damage equal to your proficiency bonus. You can deal this extra damage a number of times equal to your proficiency bonus, and you regain all expended uses when you finish a long rest.

Blut Vene

When a creature you can see hits

you with an attack while you are holding your Heilig Bogen, you can use your reaction to add your proficiency bonus to your AC against that attack, potentially causing the attack to miss you.

You can use this reaction a number of times equal to your proficiency bonus, and you regain all expended uses when you finish a long rest.
