When you cast this spell, you ability to analyze spells increases. Choose one spell of 3rd level or lower that you have seen being cast within the last minute once you have activated this spell. You gain the ability to cast that spell once without expending a spell slot or needing material components. The spell must be of a level for which you have spell slots. You must follow all the usual rules for casting the spell, including casting time, range, and concentration.

The copied spell must be cast before the duration of Yuta's Echo ends, and casting it does not require concentration, although maintaining the spell (if it requires concentration) does. After casting the copied spell or when Yuta's Echo's duration ends, the knowledge of the spell fades.

At Higher Levels

When you cast this spell using a spell slot of 5th level or higher, you can copy a spell of a level equal to or less than the level of the slot you used minus 1.
